Please join us for a Black powder fun shoot. We will be shooting open sights at 50 yards and 100 yards from a bench. Sand bags are welcome. Modern muzzleloaders, flint locks, matchlocks, and percussion caps are all welcome with open sights. If you bring a scope you are more than welcome to shoot but will not score and be eligible for a prize. Must have eye and ear protection.

Our goal is to get people together to raise food for the food bank, have good conversation and letting some powder burn. Please bring friends and family. Note: We encourage youth involvement in the outdoors and activities but don't offer childcare, you are responsible for your children.
